“You can’t go back and change the beginning, but you can start where you are and change the ending.”

- C. S Lewis

Dear Parents,

With a lot of enthusiasm, we are proud to announce that the school is organising its second Intra – School MUN (Model United Nations) Conference, on 20th October 2023, in the ABESIT campus.

❖ **WHAT IS MODEL UNITED NATIONS?**

Model United Nations is a simulation of the United Nations which gives an insight about the proceedings of the UN and its organs. Model United Nations is the single best activity for preparing today’s students to be leaders in the world. Model United Nations introduces young people to the world’s biggest problems in peace and security, human rights, and sustainable development, and inspires them to find global solutions.

Model UN gives students a chance to learn about different countries, foreign policies, and most importantly to critically think about issues from multiple perspectives and points of view different than their own, apart from building self – confidence and personality development. Model UN teaches students critical 21st century leadership skills that are valuable for college, careers, and lifelong learning. Students develop their public speaking, negotiation, research, teamwork and diplomatic skills while debating about global issues in Model UN.

These are skills that students will use throughout their lives as they grow into positions of leadership. We believe that the students who do Model UN today will be the leaders changing the world tomorrow.

❖ **WHY SHOULD ONE PARTICIPATE IN MUN?**

Not only does an MUN exposes one to international issues, but also provides them with a solution-oriented approach for the problems in hand. ***Participating in an MUN conference gives one the confidence to stand up for what one believes, moreover, to prepare oneself in order to face the challenges of the world.***

❖ **WHAT WILL ONE GAIN?**

- ❑ It’s a fun way of learning about the world. In this era of globalization, being globally aware is more important than ever. Also, having fun makes it easier to learn something and more likely to stick.
- ❑ It develops leadership skills. MUN is an exercise in research, public speaking, and teamwork. These are skills that you will need throughout your career, and MUN gives you a chance to practice them while you’re a student.

- You can leverage your MUN experience and network to get into college and find jobs.
- Admissions officers and job interviewers look for examples of leadership, and your experiences as a delegate or conference organizer will be good examples. You will also develop a network of alumni from your MUN club and people you've met at conferences.
